PRESIDENT'S REPORT

Hi everyone,

Happy New Year and welcome to 2024. I hope you all had a fabulous Christmas and New Year.

I am hoping to see a few new faces at our first club meeting on Thursday 8 February 2024.

Over the Christmas break, we have organised 50 calendars from Corvette Central, so it will be first in to obtain a Calendar. See further details in the magazine.

I am hoping to organise a couple of guest speakers to join our club meetings this year, so look out for further announcements. If you know any guest speakers that I could contact, please let me know.

Our first club event will be the Warrnambool run on 10 February 2024 organised by Greg Webster, (WEBBY). For further details, contact WEBBY on 0434 051 140.

I am sure there will be more upcoming

events announced in the magazine. As you all know, if you have an event that you would like to see happen, let the events team know the details so it can be included in the annual events calendar.

I know it's a long time until next Christmas but if you have any ideas of where we can host this event, please let me know so we can investigate venues.

Cheers, Tony Asquith (alias Mr President)

John Bligh's C5

Several years ago I met Nicholas Bolis. I had joined the Men's Shed. As I am a car enthusiast I got talking to Nick. I previously owned a hot rod, and a ZB Fairlane, all sadly missed.

Anyway, I had little or no interest in Corvettes. Went over to Nicks place one day and he had several good looking C4's at his house. Over coffee, and conversation I was convinced that I should buy a C4. I asked Nick if he could find one for me. About a month later he called me saying he was about to purchase a nice 1993 Anniversary Coupe. All these were Burgundy in colour with Burgundy interior. Photos brought on a love affair, and after waiting for what seemed to be forever the car arrived.

Nick helped me get the car engineered and on the Club Permit Scheme. I got to drive the car around the block a few times, and was looking forward to going on a few cruises in my newly purchased Corvette.

One Saturday morning a buyer came over to look at one of Nicks C4 that he had advertised for sale. Well as it turned out he walked past Nicks Corvette, and went straight to mine and started asking Nick questions about my 93. He loved the colour combo etc. After been told a million times the car the car was not for sale the fellow just kept persisting that he wanted to buy the car.

John Bligh's C5

Well he made an offer I could not refuse. So goodbye to the Corvette I had driven around the block and was planning to keep and enjoy.

A Few months later Nick calls me and said he had found a nice 1998 C5 in Texas. One owner with clean Carfax report and 30,000 miles on the clock, and the price was right. Because of Nick's previous sinful act of selling the C4 he said I could have it. So jumped on it and purchased the C5.

When the car arrived, I was super pleased with the condition of the car and colour. Had the car serviced and complied to Australian design rules by Richard at Accel Garage. The only other expense was a new battery. After having driven the C5 I have forgiven Nick for selling the C4.

But just to be sure he does not sell it on me I have hidden the car somewhere safe.

I and my partner Rhonda look forward to coming on a few Club runs and meeting all the members of the Corvette Club.

In Memory of Jerry Kohn

"Do what you love and you'll never work a day in your life."

Corvette Central grew out of the passion Jerry Kohn had for cars. His career in the family tool-and-die business and work ethic lent itself to the plans to manufacture Corvette parts. He started by reproducing a complete set of grille teeth in 1975 taking them to swap meets to sell. As Jerry learned, he shared with his son Scott the knowledge he had gained. Scott was an eager learner getting to know the parts inside and out and is now the head of procurement.

The desire to manufacture high-quality, correct, and affordable restoration and replacement parts for Corvettes led Jerry to create a whole new industry for Corvette owners and enthusiasts. Today, Corvette Central manufactures over 4,000 different parts and ships products worldwide. Jerry has been honored for his support of the Corvette restoration industry, being enshrined in the Bloomington Gold Great Hall in 2012. He was an early member of the National Corvette Restorers Society and a founding member of the National Corvette Museum, securing membership #11 in 1991. Scott became member #12.

Jerry started Corvette Central in a small building on Sawyer Road, and within the decade the company grew large enough to move the warehouse and offices to a larger building. In 1992 a set of buildings behind the original location came to house the manufacturing division.

In Memory of Jerry Kohn

As the millennium approached Jerry started planning the construction of a new home for Corvette Central. In March and April of 2001, his vision was fulfilled and the offices and warehouse moved to the current location. Soon, an addition was added extending the warehouse and allowing the manufacturing division to join the campus.

Jerry considered every business move with his usual combination of intuition and practicality. Jerry was continually involved in the day-to-day operations. He worked out the inventory picking and ordering systems, part number structure, and shipping procedures. With each move to a new building, Jerry investigated new technology and programs needed to create an efficient workflow process. After buying carousel equipment he created the system still in use today.

Doing What He Loved

Jerry Kohn passed away peacefully, surrounded by his loved ones, Friday, September 8, 2023. While the restoration industry lost a champion, the world lost a good man. To those he left behind, Jerry was more than a die-caster who made Corvette parts. He was kind, compassionate, caring, funny, and, above all else, beloved.

Hi Corvette Club Presidents,

We have started putting the arrangements in place for the proposed "Vettes Get Together" in Canberra, at Easter next year.

We have arranged a special accommodation deal at the Pavilion on Northbourne.

*The hotel has already set up the rate code, "**VETTE**", for the event and it is ready, both for phone reservations or through their website, www.pavilioncanberra.com.au.*

Please note that the rate given to us for an Atrium Hotel Room (image attached) is \$174 per night, which is below their Prepaid Advance Saver rate on their website.

The hotel will be offering the Vette guests who book, a flexible cancellation policy which gives them the flexibility to amend their reservation up to 24 hours before their arrival date.

All discounted rates will be available to the Vette guests up until the 29th of February, subject to availability, and the preferred form of booking would be over the hotel website.

Can I ask you to pass this information on to your members and for those members who plan to attend, can we have their confirmations by 29 February as well (email to lyndonandmichelle@hotmail.com) so we can arrange appropriate venues.

We in Canberra are very much looking forward to hosting the members from the other Clubs at this Vette Get Together.

Regards

Terry Ruse

C4 Convertible Rollbar/harness bar/chassis stiffener for sale

Have you ever wondered what would happen if you were hit in the rear of your C4 Convertible by a large truck?

Many years ago it happened to me in my Austin Healey Sprite. The truck's bumper/bull bar got as far as the rollbar – right behind my head.

Ever since I have put rollbars in my convertible road cars.

I had this one in my RHD C4 but took it out when I sold it.

It has curved backstay bars so that it doesn't interfere with the decklid or roof.

Best offer will buy this – happy if it gets an appreciative owner.
