PRESIDENT'S REPORT

Hi everyone,

Welcome to the May magazine.

I am writing this on returning from the Club run to the Werribee District Collectable Car Club, Cars & Coffee Event as we do not have long until this needs to go to the printer.

We had around 18 Corvettes plus there were some Corvettes from the Geelong Corvette Club.

After an early start to the day, the event concluded at 12pm where we made our way to The Bridge Hotel in Werribee for lunch.

Andrew Leonard had a happy birthday song sung by everyone in attendance and Mandy had made some cupcakes to share. That made Andrew's day, he was suitably embarrassed.

I would like to thank Adrian Villanti who unfortunately could not make the day due to illness and Craig O'Donohue for organising a great day for everyone. Cheers.

At our last meeting, we had a fabulous attendance by members for Meguiar's speaker, Michael. I would like to thank everyone who attended the meeting.

It makes it all worthwhile to organise speakers when members come along, it was a great night.

Upcoming events organised by the events team include a run to Helen's Hill Estate, 16 Ingrams Road, Lilydale on 26 May 2024 for lunch at 12pm.

Meeting points will be advised in the magazine and on COM Chat.

I hope everyone is booking accommodation for the 2025 Nationals at Parkes NSW. More information to follow in the magazine.

Hoping to see everyone at our next Club meeting.

Cheers, Tony Asquith (alias Mr President)

Notice about membership:

It is important that your membership is current during the time of you participate in the CPS.

There is an overlap between when club membership subscriptions fall due and when your CPS will expire. To overcome this the Committee has decided that members on the CPS will pay a once off extra annual membership payment to ensure they are members of the club during the time they are on the CPS. Should you leave the club or no longer partake in the CPS a refund will be made to you.

Vale - Bert Said

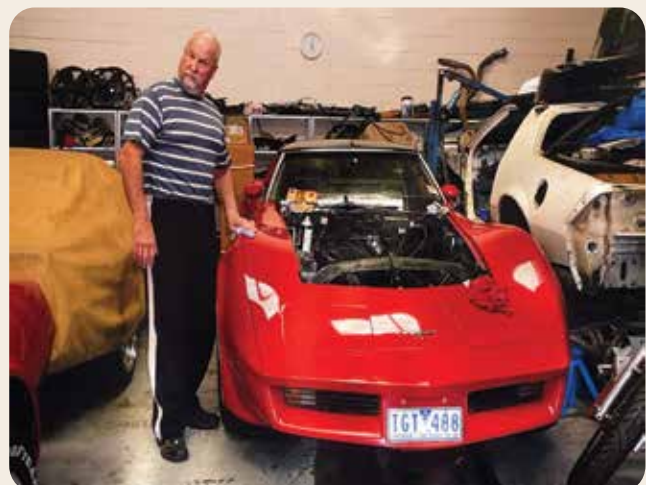

Corvettes of Melbourne would like to acknowledge the passing of a past and passionate Member of the Club, Bert Said.

Bert joined the Corvette scene around 2000 / 2001.

His profession was an Accountant but his loves were Music, Gyms and Cars - namely Corvettes.

Bert established a business "Go-Tech" in Frankston focusing on servicing and Electronic Diagnosis of Corvettes and other GM vehicles.

His knowledge was forthcoming in maintenance and advice on keeping your car in good shape.

Bert with Eddie's car in his Frankston workshop

Vale - Bert Said

From Webby :

I too have fond memories of Bert and the work he did for the members. Bert took on the President's job in 2005 - 2006 when I stood down for a break. Bert was the guy who nominated me as the first Life Member of our Club, always indebted to him for that. I do remember him taking me for a rip in that silver bullet he had and his technical knowledge of C4's was impressive. I would always recommend him to anyone wanting C4 work done.

From Darren :

Bert helped me find my first Vette. I purchased a car from one of his customers and over the years visited him a number of times and obviously on runs too. I however lost touch when he moved back to New Zealand. He was extremely knowledgeable on C4's, but also on prior years too. The C4 he had was insane ! More like an indy car engine, the monster revs and crazy sound vs a traditional rumbling V8...

Very sad to hear of his loss, he was so passionate for Vettes and the Club during his era.

From Terry :

Bert would fly up to see his mother and then come across to my shop to put on workshops for Corvette Members diagnosing problems and advising. Sad to hear the news about Bert.

From gringo :

We had our '91 that he looked at a couple of times back in the early 2000's. Very nice and knowledgeable guy.

A visit to his workshop and you would find his C4 in pieces. Electrical looms all over the place, tuned wrap-around headers with a C5 exhaust out the back, big brake kit. I remember his input in bringing Corvettes of Melbourne and VicVettes together. There had been some problems in the past but he said " We all love Corvettes, let's just get together".

Thank you Bert.

Eddie Hetel's 80th

On Sunday the 7th April a group of approximately 30 friends all got together to surprise Eddie Hetel for his 80th birthday.

Eddie had been a member of COM for many years. He also looked after the club apparel.

Through the club he and Carolynne formed many friends.

Parke Alive in 2025

Hosted by NSW Corvette Car Club

28th March 2025 – 31st March 2025

Corvette National Convention

NSW Corvette Car Club will host the Corvette National Convention in 2025

By taking the 2025 CNC into the heart of the regional NSW towns of Parkes and Forbes, in some small way we can assist families of the floods that occurred in the region in November 2022. The Lachlan River rose to nearly 10.8 metres at its peak. Many homes were destroyed, families experienced loss of belongings, loss of livestock and much more. Homes were taken from their footings and were washed down the river.

The town of Parkes was part of the colonial expansion of the early 19th century, the town was founded in 1862 as a reef and alluvial gold centre, originally called Bushmans after a prominent local mine owner. It was renamed for Sir Henry Parkes, a state premier, in 1873, was proclaimed a municipality in 1883.

Parkes is a commercial centre for the sheep, grain, fruit, pig and poultry farming area of the Western Slopes region. It is also a rail junction on the Newell Highway, with air connections to Sydney 298 km, southeast.

Gold mining in the area ceased in 1947.

Industries in the region include steel fabrication works, sawmills, joineries and agricultural machinery plants. One of the world's largest 64 metres bowl-shaped radio telescopes, operated by the Commonwealth Scientific and Industrial Research Organisation, is at Alectown 25 km north. The annual Parkes Elvis Festival, celebrating the life and music of Elvis Presley, has been held in January every year since its inception 8 years ago.

With the presence of the nearby Parkes Observatory, Parkes has had an important role in the scientific community. In addition to local research conducted at the radio telescope, Parkes scientists have assisted NASA for several missions as a Southern Hemisphere relay and communications station. The movie *The Dish* was based somewhat loosely on the role the telescope played during the 1969 Apollo 11 Moon landing. *The Dish*, although set in Parkes, was largely filmed in Forbes' historic precinct. This is due to very few historic buildings remaining in Parkes.

IMPORTANT NOTICE - Club Permit Scheme

It is important to be aware of your permit expiry date and renew before it expires. Do not rely on your renewal in the post as your reminder, just in case it doesn't turn up.

We have had a case where a member's permit was cancelled inadvertently by VicRoads and a renewal was not posted to him. It took some sorting out in person at VicRoads to reinstate his permit.

It turns out that his is not an uncommon problem. You will be effectively driving an unregistered / uninsured car if you do not renew on time.

Keep records of any renewal payments you make in the unlikely case you will need to substantiate the status of your club permit renewal.

And always remember to fill in your log books!

Classifieds

I am reluctantly selling my as new unmarked very low milage Corvette.

Purchased from original owner 17,000 miles.

This sports car the 6 speed manual mated to a 5.7L V8 makes it a true drivers car, and a future collectable to be enjoyed.

Car comes with books. CarFax report, Window sticker, and build sheet.

Car has been fully ceramic coated and the paint is flawless.

Everything works as it should. Fully serviced.

Will be sold with RWC. All enquires Nick 0417 500 198
