# PRESIDENT'S REPORT

Hi everyone,

Well another month has gone, and we are now in Autumn.

Last month on 16 February 2025, we had lawn bowling at The Doncaster Bowling Club followed by wood fired pizza.

We all learnt how to correctly bowl, which is a lot harder than you think.

There were about 20 people and we had a great day. See the photos in the magazine.

As you all know on the 27 March 2025, we have a convoy of 35 people, with 18 Corvettes making our way to Gundagai, on our way to Parkes for the 2025 Nationals.

Meeting points will be advised shortly. There are still rooms available at the motels in Parkes and I have three rooms available at Gundagai, so if you want to attend, you can, please let me know asap.

I am sure the events team will have some events coming up in April and will let us know.

Apart from me cleaning my Corvette, ready for the drive up to Parkes, that's it folks.

See everyone at next meeting on 13 March 2025, upstairs at The Tower Hotel.

I must say I was really impressed with the upstairs room at the last meeting, we can now order food at the upstairs bar and get our drinks there as well, no need to go downstairs.

Hoping to see everyone there.

Cheers Tony (alias Mr President)

# Club Run - Doncaster Lawn Bowls

A great day was certainly had by all who attended the Doncaster Bowls Event.

As the day progressed it was quite evident that there were several participants with previous experience, and it stood out.

The instructor from the Doncaster Bowling Club was a great asset and gave of his knowledge freely, and also his encouragement was excellent for the raw beginners.

Everyone had wide grins, and it was great to see Joe and Katherine's granddaughters join in the fun also.

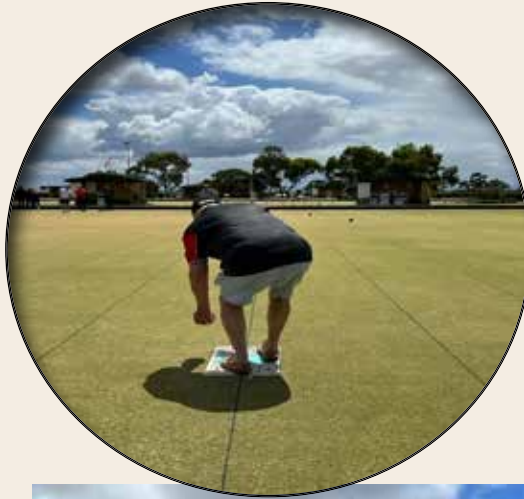

The pizza's for lunch were a hit, and, of course the cakes and lollies supplied by Cheryl. Thanks to Daniel and Michelle for organising a fun day, and perhaps we can do it again.

## Corvette Trivia

\*\*In 1951 a group of Harley Earl's "Special Projects" crew began work on a GM sports car. Bob McLean designed a general layout for the car. The project was code named, "Opel".

\*\*William Durant, the founder of GM, said a wallpaper pattern he saw in a Paris hotel in 1908 inspired the bow tie logo. Supposedly, he ripped off a small piece of it and brought it back to Detroit.

\*\*The man who named the Corvette was Myron Scott. Then Chevrolet's Chief photographer.

\*\*The Jaguar XK120 is believed to have been the inspiration for the first Corvette.

\*\*The Corvette was the first and last car with a "Wrap-Around" windshield.

\*\*Corvette was not the first to be made with a fiberglass body, but it was the first to be built by a company the size of Chevrolet.

\*\*Corvettes have been assembled in three different cities. Flint, St. Louis, and Bowling Green.

\*\*"Turbojet" as first used on Corvette engine air cleaners with a horsepower rating of greater than 390hp.
